

QUALITY POLICY AND PRODUCT INSURANCE IFS MEDITERRANEA **FRESH CONSULTING, S.L**

MFC is aware of the need to develop and establish a quality management system, in order to achieve our main objective, differentiation. Following this strategy, it has been developing a progressive specialization of its production in recent years.

Consequently, the company undertakes to adopt a responsible attitude with quality, required of all the personnel of its organization and collaborating companies, following some principles of action oriented towards continuous improvement and the achievement of the objectives that will be defined and duly disseminated to all its staff and collaborators.

For all these reasons, MFC decides to implement a Quality Management System based on the UNE-EN ISO 9.001 and IFS Standard and that allows it to achieve the following commitments:

- Implement a continuous improvement process by periodically updating the quality management system. To do so, it will provide itself with the necessary human, technical and documentary resources.
- Serve as a framework to establish objectives.
- Comply with the legislation and regulations that are applicable to its activities, as well as with other requirements that the Company may subscribe to in the future. This implies maintaining a responsible attitude towards the requirements of the market and of society in general.
- Establish a framework juncture for the Management to commit to establish continuous improvement.
- Involve and sensitize the own staff and that of the collaborating companies, through education, training, motivation and responsibility at all levels, in order to achieve the established objectives.
- Achieve full satisfaction of customer needs and expectations, be customer-focused.
- Management is committed to product safety and food hygiene, quality, professional ethics, and respect for the environment.
- The company establishes product requirements (includes, product safety, legality, processes and specifications)

This quality and IFS policy related to product safety, quality and authenticity will be communicated, published, understood, applied and disseminated to all levels of the company.

To ensure that this Quality Policy and IFS document is understood, implemented and kept up-to-date at all levels of the organization, a copy of said document will be distributed to all those who carry out activities in the Organization, also being exposed to knowledge of all staff on the bulletin board.

In addition, MFC makes this quality policy available to the public and interested parties.

Vila-real, January 17, 2020.
